Вводная часть

Создание своего сайта очень важно для каждого современного человека и особенно актуально для специалиста в области информационных технологий.

Цели

Целью моей работы было: добавить ссылки на сайт и написать два поста.

Добавление ссылок на сайт

В папке `~/work/blog/content/authors/admin` есть файл `_index.md`, в который мы внесли изменения и добавили ссылки.

```
5 social:
6   - icon: youtube
7     icon_pack: fab
8     link: https://www.youtube.com/channel/UCnfZb1J0r_rUY1Z_G0zwZiQ
9     label: Follow me on Youtube
10    display:
11      header: true
12   - icon: github
13     icon_pack: fab
14     link: https://github.com/inneustroeva
15   - icon: vk
16     icon_pack: fab
17     link: https://vk.com/id205281696
18   - icon: video-camera
19     icon_pack: fab
20     link: https://rutube.ru/channel/7886046/
21   # Link to a PDF of your resume/CV.
22   # To use: copy your resume to `static/uploads/resume.pdf`, enable `ai` icons in `params.yaml`,
23   # and uncomment the lines below.
```

Добавили иконки, нажав на них мы сможем перейти по ссылке на соответствующий сайт.

Irina Neustroeva

Student

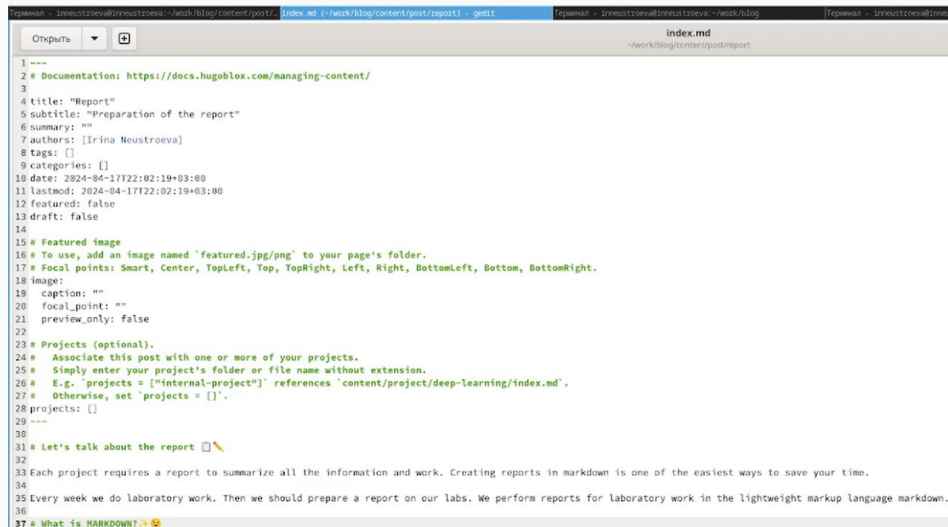

Peoples' Friendship University of
Russia

Создали новый пост на тему: оформление отчёта. В каталоге ~/work/blog, с помощью ~/bin/hugo new post/название.

```
inneustroeva@inneustroeva:~/work/blog$ ~/bin/hugo new post/report
Content dir "/home/inneustroeva/work/blog/content/post/report" created
inneustroeva@inneustroeva:~/work/blog$ cd content
inneustroeva@inneustroeva:~/work/blog/content$ cd post
inneustroeva@inneustroeva:~/work/blog/content/post$ ls
blog-with-jupyter  getting-started  Git  _index.md  last_week  last_week1  last_week2  markdown  report  writing-technical-content
inneustroeva@inneustroeva:~/work/blog/content/post$ cd report
inneustroeva@inneustroeva:~/work/blog/content/post/report$ ls
index.md
inneustroeva@inneustroeva:~/work/blog/content/post/report$ gedit index.md
```

Редактирование поста

Перешли в новую папку и отредактировали её.

```
Терминал - Irineutroeva@irineutroeva: ~/work/blog/content/post/ | index.md [~/work/blog/content/post/report] - gedit | Терминал - Irineutroeva@irineutroeva: ~/work/blog | Терминал - Irineutroeva@irineutroeva: ~/work/blog/content/post/report
index.md
~/work/blog/content/post/report

Let's talk about the report

Each project requires a report to summarize all the information and work.
Creating reports in markdown is one of the easiest ways to save your time.

Every week we do laboratory work. Then we should prepare a report on our labs. We perform reports for laboratory work in the lightweight markup language markdown.

What is MARKDOWN?

Markdown is a lightweight markup language for creating formatted text using a plain-text editor. John Gruber and Aaron Swartz created Markdown in 2004 as a markup language that is appealing to human readers in its source code

New post about last week

Irina Neustroeva

Apr 17, 2024 · 1 min read

It's been a good week. First of all, I have completed the first stage of the control work. We started new topics in matanalysis and mathematical logic, I successfully completed laboratory tests on operating systems and did a lot of homework in other subjects. 📖✍️

I was also a model at the final stage of the All-Russian Technology Olympiad. I had a pale blue beautiful dress in the style of Russian fairy tales 👗

Over the weekend I managed to go to the Moscow Zoo and take beautiful

Заключительная часть.

В данной работе я научилась добавлять ссылки на сайт и вспомнила как добавлять новые посты.

Работа над индивидуальным проектом увлекательна для меня.
